We are pleased to announce that the following website enhancements will be available in the near future:

- An improved automated delivery system for the Fully Engaged results emails. Parishes are discovering the current automated results email are ending up in spam. The new delivery system should resolve and alleviate this problem.
- The "Manage Couple's" page will be updated so parishes will be able to archive and access inventories of couples who are now married
- The "Survey Response" page will be updated so parish administrators can sort scored inventories by wedding and/or response date.
- Additional contact information fields will be added to the parish profile to accommodate all parish personnel working with the inventory
- A new field called "Response Email Address" has been added to the "Add Couple" form. You can use this field to type an email address when a scored inventory needs to be sent to someone other than the results contact person

Your Feedback

We would like your feedback on the Fully Engaged program. Got to <https://www.surveymonkey.com/s/fullyengagedfeedback> to share your insights. Your feedback is valuable and will help enhance the program!
